The Hard Problem

- Explain why physical processes are associated with subjective experience
- Why is there something it is like to be me?
- Why is it like this?
- This is not a question about objective behavior or functioning. It's a further question.

Activating and Transforming
the Initial Reality of
Emptiness and Stillness**

into:

The Five Universal Classes of Motion (x3)

1. Primordial Motion (from A–B)
2. Space
3. Time
4. Transformation
5. Matter

*“Motion is the most distinctive feature of Life –
Movement is Life in demonstration” – Martinus*

X2: Seven extremely subtle
Qualitative
“Fundamental/Basic Energies”
with specific characteristics

X2: Cosmic Creative Principles termed Morphogenetic Effect Constants;

**Form-creating and Structuring Forces
that Sustain and Organize Life and Reality**

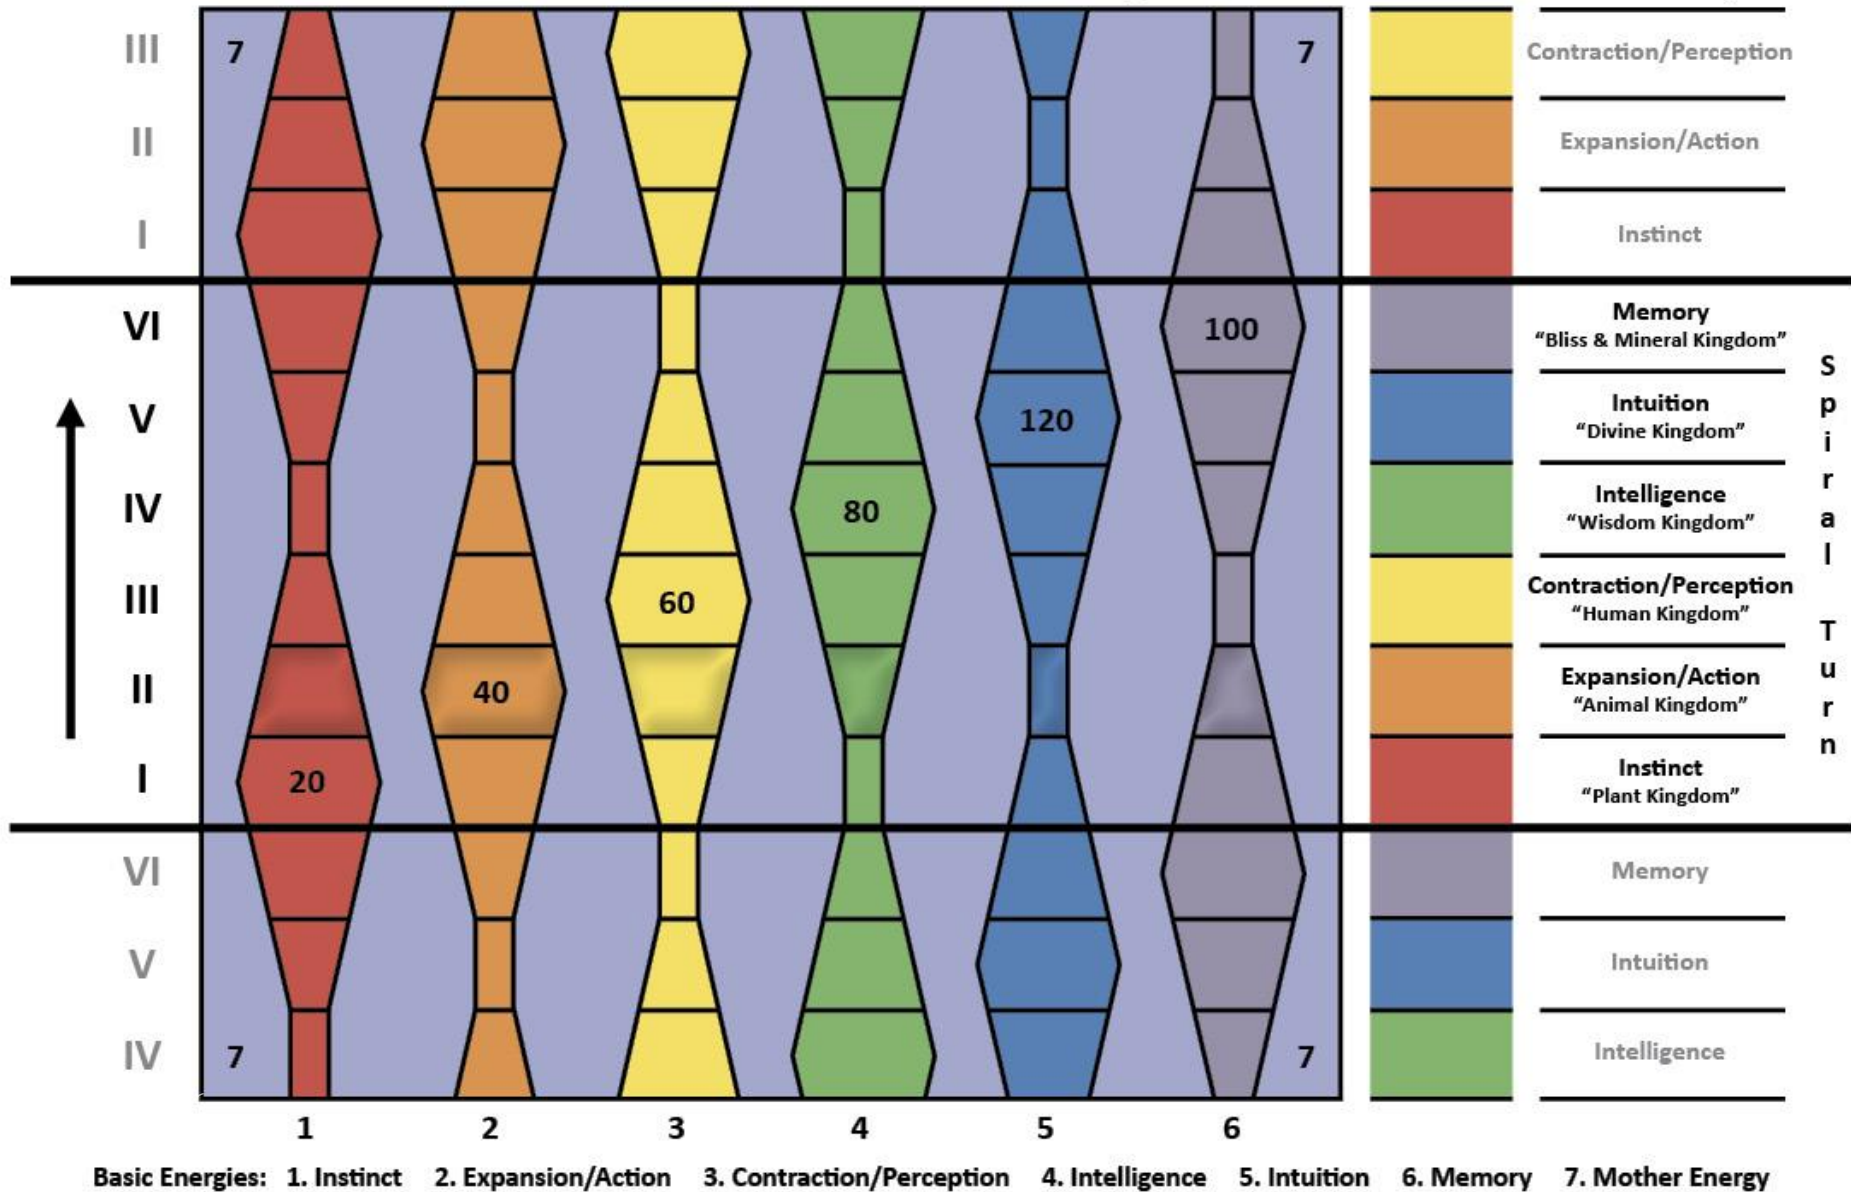

X2 with its Basic Energies and Cosmic Creative Principles is a “Transformation Link”, giving contrast to the X0-nature:

Wholeness	→	Life-Units, Separation, Quantification...
Emptiness	→	Energy, Matter
Stillness	→	Movement
Infinity	→	Space
Eternity	→	Time

"The Split of the Mother Energy"

The Law-Governed Structured Flow of the Basic Energies

POLE principle - formation of /effect: all “polar” or dual conditions

CONTRAST principle - formation of /effect: all contrasts and antagonisms (without contrast no experience ...)

PERSPECTIVE principle - formation of /effect: all perspectival effects

MOTION principle - formation of / effect: all forms of movement (including space, time, transformation, matter etc).

CYCLE principle - formation of /effect: all kinds of cycles

ABILITY-NUC principle - formation of /effect: all accumulation of experiences into stable storage units “ability-nucs”

MATTER- and LIFE-UNIT principle - formation of

/effect: the split/division of matter/energy into:

**Quanta, Particles, Cells, Organs, Organisms,
Planets, Suns, Galaxies etc.**

This principle is responsible for the manifested reality's fractalized and quantized nature and impact, i.e. **its division into units of any form, including organisms for living beings.**

This fractal impact is actually an expression of the fact that the living all-embracing Cosmos, on the manifested level, **has divided itself into Living Units – Triune Life-Units or “living beings”.**

**“You are not IN the Universe,
you ARE the Universe, an intrinsic part of it.**

**Ultimately you are not a person,
but a focal point where the Universe is becoming
conscious of itself.”**

The result of the interaction between the Subject/the I (X1) and its Creative/experiential ability (X2) =

X3 The Created is represented by, the material illusion as **Objective Reality (X3 obj)** on one side, and the experience of it as **Subjective Reality (X3 subj)** on the other.

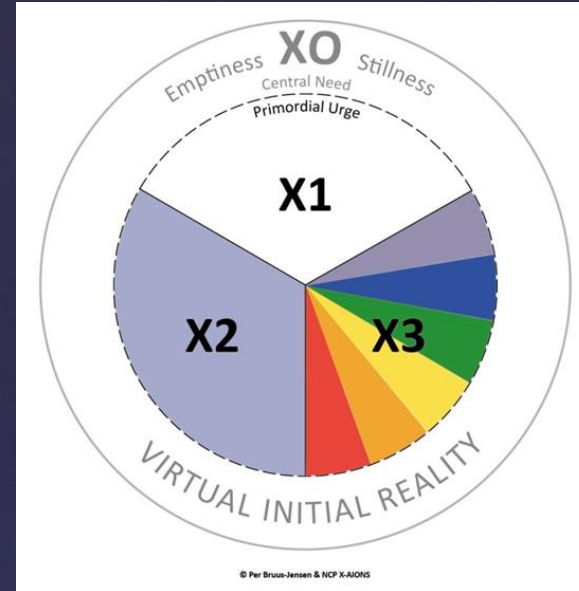

**"The phenomenon of Consciousness/Life-Experience
concerns the way in which
X2/energy and its objective functions (= energy
conversion X3/objectively),
exist for X1 (= life-experience X3/subjectively)"**
